

# Fruit of the Spirit

Galatians 5:22-23

in the New Revised Standard Version (NRSV)

A Puzzle by David Pleacher

First, read the passage from St. Paul's letter to the Galatians to determine the fruit of the Spirit. The passage highlights the characteristics that develop in a person who is guided by the Holy Spirit. These qualities are presented as a unified "fruit" rather than separate entities. They are seen as evidence of a life lived in accordance with God's will.

After identifying the nine fruit, place them in the word-cross puzzle below (one word is hyphenated, and the hyphen takes up one block just as a letter does).
