

Mr. P's Grandchildren

From the seven clues below, can you determine how old Mr. P's Grandchildren will be or would have been in 2026?

1. Kate and Jackson are the same age.
2. Jackson is twice Libby's age.
3. The sum of the ages of all seven grandchildren is 145 years.
4. The sum of James' and Carrie's ages is one more than the sum of the ages of Kate, Ben, and Libby.
5. The sum of the ages of Carrie and Libby is one more than the sum of the ages of Ben and Stewart.
6. James' age minus Libby's age is one more than Stewart's age.
7. The sum of Kate's age and Carrie's age is three times the age of Stewart.

Now give the age for each of the following grandchildren:

Ben: _____

Carrie: _____

Jackson: _____

James: _____

Kate: _____

Libby: _____

Stewart: _____
